Letter No. : 2050/R.O./P.U./2015

Date : May 30, 2016

To

Dr (Mrs.) K. Rama

Adviser

National Assessment and Accreditation Council

An Autonomous Institution of the University Grants Commission

Nagarbhavi, Bangalore-560 072, India

Madam,

With reference to your letter NAAC/NR-KR/UPUNGN 10066/2016-17, I would like to extend my thanks for sending us a copy of Previous NAAC Peer Team Report held in April 5-7, 2004. In compliance of post accreditation initiative as per observation of Previous Peer Team Report and action taken report (point wise) is enclosed herewith for your perusal. The same will be uploaded to our University web site www.vbspu.ac.in without any pass word protection for stake holders. Your esteemed office will very soon receive the twelve hard copies and a soft copy (one CD) of the same.

Sincerely Yours

Registrar

Previous Peer Team Report, 2004

Overall Analysis

The peer team after going through the Self Study Report and after its visit to various academic and physical facilities, is satisfied that the Purvanchal University is making concerted efforts in translating its vision into practice at least for the two years under the dynamic leadership of the present Vice-Chancellor. The peer team is convinced that a number of features of the University are commendable, however, there are others which it would like to bring to the attention of the University.

Institutional Strengths as per the recommendations of the previous peer team (April 5-7, 2004):

Some of the commendable features include:

- The University runs courses and programmes that are applied in nature.
- In all then courses, admissions are the written test conducted either by the UP State or by the University itself.
- The University has developed a good physical infrastructure.
- The University is located in the remote rural surroundings and serves the academic needs of the local community for higher education.
- The University has a good 800-seat auditorium and it is in the process of completing and excellent Central Library Building.
- It has three Boys' and two girls' hostels. Another girls' hostels is in the process of completion.
- The computer Engineering and MCA programmes have good computer laboratories. The Department of Electronics and Communication Engineering has well equipped Laboratories.
- The Department of Biotechnology is making excellent efforts in imparting quality education.
- The Department of Applied Psychology is doing good work in teaching as well as Extension Activities.

- The Department of Business Management has been recognized by AICTE as one of the “Best practices following B-Schools”.
- The University has done a commendable work in mobilizing resources. Most of the buildings in the campus are constructed by its own resources and has built-up a good network of buildings.
- A system exist for periodical revision and updating the course syllabi

Previous Peer Team Observations and Action Taken Report point Wise

1. **The University may like to address the critical shortage of teachers. In this regard some of the new programmes need special attention.**

The University has provisioned for regular teachers, contractual teachers and guest teachers. The vacancies of regular teachers are being initiated on top priority. Contractual teachers might be given five years tenure on contract with facility of CPF etc. as per UP State Government order. The guest faculty qualifies as per the qualification requirement of regular teachers. New programmes will have adequate faculty positions.

2. **Some of the laboratories require consideration for up gradation in terms of equipment and infrastructure.**

The B. Pharm programme is well equipped and laboratory facilities are upgraded. In the faculty of Engineering and Technology the laboratories are strengthened and modernized in all the departments. Well-equipped computer laboratories are separately established across all the departments. Suitable software are also purchased.

3. **It has to address the need of electric supply. The electric supply is erratic and when it is supplied, it is often at low voltage, and has high voltage fluctuations.**

The earlier electric supply system is now switched to urban supply system and adequate power back up (24x7 basis) has been created.

4. **There is a need for establishment of a Central placement cell**

There exist a central placement cell now, coordinated by a senior teacher. Placement related activities are published in the brochure department wise. Placement are being carried on. A University Industry Unit/Cell has also been activated

5. **The University may address the need of better information and communication facilities. There is an urgent need for providing internet and telephone facility to its faculty and students.**

The established internet facilities with optical fiber in the backbone at 1 Gbps/750 nodes is operational all across the premises hostels/class rooms/labortaories

6. **Immediate efforts may be made to recruit a number of teachers. The establishment refers to a number of sanctioned positions but the actual strength is much lower than that required for running the courses successfully.**

Please refer Serial No. 1

7. **A provision ought to be made to hire faculty before a new course/programme is initiated.**

Please refer Serial No. 1

8. **The computerization of both academic as well as administrative needs have to be initiated and at some places strengthened.**

Digitization is incorporated on large scale at academic and administrative levels.

9. **Maintenance of infrastructure and buildings needs special attention.**

The infrastructure/building are rejuvenated whole across the campus, with two way passage, in the lobby and pathways

10. **Attention may be paid for making arrangement for providing transport facilities to students coming from the Jaunpur town.**

Transport facility is strengthened for employees and wards of the staff members.

11. **A good canteen facility for students and staffs may be provided.**

Good Canteen facility is being rejuvenated.

12. **Attention may also be paid to provide parking space for the vehicles on which students come to the University.**

Parking space has been developed, and a new system is being added with more facilities.
